Replacement Filter

47.177 32" x 10" x 2" \$7.50

TAPERED SPINDLES for STRAIGHT SHAFT MOTORS

Designed to fit over shafts of polishing motors. Select according to motor shaft diameter. Locks onto shaft with set screw.

Shaft Dia.	Right Side	Left Side	Price
1/4"	47.270	47.271	\$8.75
1/2"	47.276	47.277	\$11.75

MANDREL CHUCK

Chuck holds both 1/8" and 3/32" shank burs, points and mounted wheels. Wooden mandrel has a tapered hole and mounts on a tapered spindle (right side only) of a polishing motor. 3 1/2" length.

37.760 \$5.30

MOUNTED SCREW MANDREL

Screw mandrel mounted on wood hub mandrel which mounts on a right side tapered mandrel. Use to hold small wheels or brushes with a 1/16" hole. Sold in packs of 3.

47.260 \$5.75 (3/Pack)

AIR BE BENCH MOUNTED SPLIT LAPPING MACHINE

Heavy steel powder coated protective hood. Dual outlets for connecting to a dust collector. 1/2 hp (3,450 rpm) ball bearing motor with tapered spindle, mounted at a 45° angle providing excellent visibility. Adjustable chrome goose neck lamp. Suitable for 6", 7" and 8" split laps. 110 volts.

SL400 \$285.00

PARAMOUNT FELT BEVELED SPLIT LAPS

Made of high quality felt. Four slots provide clear visibility when polishing. Accurately balanced. Pin-hole center for mounting on tapered spindle.

Grade	Dia. x Thickness	Price	Item No.
Hard	6" x 1/2"	\$32.75	17.957
Rock Hard	6" x 1/2"	\$36.75	17.958

INITIAL POLISHING COMPOUNDS

After pre-polishing, filing, grinding, blending and tumbling. Compounds are a mixture of abrasives and waxes cast in the shape of a bar. Leaves metal scratch-free but dull in appearance. Use on treated Chemkote wheels or muslin buffs.

GRAY STAR

Aggressive, fast cutting. For silver, gold, brass, stainless steel and platinum. Removes deep scratches. Smooths rough edges, leaves uniform finish.

Item No.	Weight/Bar	Price
CL1201	1 lb.	\$3.50

TRIPOLI

Popular, widely used. Fast cutting. For silver, gold, and brass. Cuts down, removes scratches and file marks. Leaves surface dull in appearance.

Item No.	Weight/Bar	Price
CL1207	1 lb.	\$1.85

BOBBING

Fast cutting. For silver, gold, and brass. Cuts down, removes scratches, adheres well to buffs, brushes and hard felt wheels.

Item No.	Weight/Bar	Price
CL1204	1 lb.	\$2.00

4X WHITE DIAMOND

Medium cutting. For soft alloys, fine silver, and high karat gold. Removes fine scratches and wheel marks. Leaves a uniform finish.

Item No.	Weight/Bar	Price
CL1210	1 lb.	\$2.50

SOFT FINISHING COMPOUNDS After initial polishing, the surface of the metal can be enhanced to a bright luster finish. Use on muslin wheels or buffs.

FABULUSTRE

Special formula. Removes light scratches. For silver, gold, pewter and plastics. Mirror finish without discoloration. Greaseless. Easy clean-up with little or no residue. Supplied in peel-back cardboard tube.

Item No.	Weight/Bar	Price
47.313	1 lb.	\$5.50
47.312	¼ lb.	\$2.75

ZAM

Special formula crocus compound. Will not scratch soft stones such as turquoise. For silver and gold. Bright mirror finish. Fast clean-up. No residue clinging on stones. Supplied in peel-back cardboard tube.

Item No.	Weight/Bar	Price
47.503	1 lb.	\$5.75
47.502	¼ lb.	\$2.90

ROUGE POLISHING COMPOUNDS

Rouge polishing is the ultimate step to achieve maximum luster. Use on soft leather center muslin, flannel, felt or chamois wheels.

RED ROUGE

High luster color, final polish for silver and gold.

Item No.	Weight/Bar	Price
CL1214	1 lb.	\$4.50
CL1215	½ lb.	\$2.75
CL1216	¼ lb.	\$1.50

GREEN ROUGE

Very high luster finish on silver, white gold, platinum, stainless steel and chrome.

Item No.	Weight/Bar	Price
CL1219	¼ lb.	\$3.50

BLACK ROUGE

Dark, rich luster color. Works on gold and brass. Very effective on silver.

Item No.	Weight/Bar	Price
CL1222	¼ lb.	\$2.50

WHITE ROUGE

Ultra-high shine on white gold, chrome, platinum and stainless steel.

Item No.	Weight/Bar	Price
CL1225	¼ lb.	\$1.75

PRO-CRAFT PEEL-A-WAY COMPOUNDS

Peel back cardboard tube to expose only the amount of compound needed. Eliminates mess and does away with broken bars. Available in the following compounds:
