**OLYMPUS WIGJIG**

Clear, strong, 5" x 5" transparent acrylic plastic wire forming jig with 482 holes and 40 movable metal pegs in two sizes. Includes instructions and wire working tips for making delicate chains, links, earrings, findings and more.

**TX1640** \$45.50

**WIGJIG DELPHI**

3" x 3" clear, transparent acrylic wire forming jig with 181 holes and 20 movable metal pins. The pins are smaller and the holes are smaller and closer together than the Olympus and Olympus Lite for smaller and more delicate wire wrappings. Smaller components made with the Delphi to match larger components made with the Olympus. Includes instructions and wire working tips.

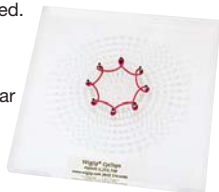

**TX1641** \$19.50

**WIGJIG CYCLOPS**

4 1/2" x 4 1/2" clear, transparent acrylic wire forming jig with 483 holes forming 11 concentric circles. 10 movable pins are included. Holes and pins are smaller than the Electra (same size as the Delphi) so that smaller and/or similar components can be made. Includes instructions and wire forming tips.

**TX1642** \$35.50

**DELUXE WIRE WIZARD**

Jig wire-working system for larger pegs. Includes aluminum (1/8" and 3/16") 3 sets of spacers, 2 coils of practice wire (16 and 18 gauge), instructions, tips and hints.

**TX1643**

**DISCONTINUED**

**JUMP RING MANDRELS**

Make perfect uniform jump rings easily, inexpensively and quickly. Simple and basic! 16 steel mandrels (4" length), each with a different diameter. (1/16" - 1/2") for different diameter jump rings. Mandrels fit easily into a small hand drill, see page 57 (larger mandrels all have uniform 3/16" shanks). Each mandrel has a starter hole to insert the wire. This insures tight jump rings when turning the mandrel. Mandrels can be wrapped with tape to increase the diameter of the jump ring.

**TX1644** \$32.50

**OLYMPUS-LITE WIGJIG**

Clear, transparent acrylic wire forming jig with a smaller work area (238 holes) but with the same size holes, same spacing and same pegs as the Olympus. All Olympus Super-Pegs work on the Olympus Lite. Includes instructions and wire working tips.

**TX1645** \$19.50

**WIGJIG ELECTRA**

5" x 5" clear, transparent wire forming jig with 448 holes that are drilled to form 13 concentric circles with various numbers of holes in each circle. 20 movable metal pegs are included. Holes and pegs are the same size as the Olympus. Round necklaces, bracelets and earring creations are unlimited. Includes instructions and wire forming tips.

**TX1646** \$37.95

**WIGJIG ACCESSORIES**

Super pegs and pins expand wire designing possibilities. Available for Olympus-size hole and Delphi-size hole jigs.
