

ENGRAVING • Carbon Steel • High Speed Steel Gravers

GRAVERS — Carbon Steel & High Speed Steel

Used by engravers, stone setters, die sinkers, jewelers and watchmakers on metal, wood, bone, ivory, onyx and wax. Gravers are stamped with the graver # and type of steel.

Muller Carbon Steel — Excellent for use on silver, gold, copper and other soft metal.

Grobet High Speed — Holds its edge 5 times longer than carbon steel. Preferred for use on gold, platinum and steel.

ONGLETTE or POINT — For curved designs

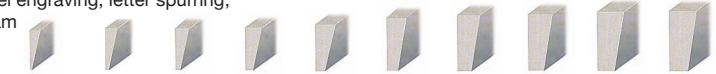

and fine lines.
A favorite shape of stone setters.

TOOL HANDLE

Quality hardwood tool commonly used with engraving tools. Chucks range from 0 – 3mm. 2¾" length. Made in France.

HAN733.00
\$6.45

CROCKER PATTERN GRAVER SHARPENER

A useful fixture to assist sharpening of gravers on bench stones. Any precise angle may be pre-set with the setting index.

36.880 \$49.50

PEPEITOOLS ENGRAVING BLOCK and ATTACHMENT SET

A fine engraver's block. Superbly machined. Used to hold objects firmly for engraving, stone setting and general work. Optional attachments available for holding a wide variety of small and large shapes. Block moves smoothly on the pad. Precision bearings, responsive, tight tolerances, no side shake. Deep threaded jaws slide smoothly on the center screw. 5" diameter jaws. Made in Europe.

PE143.10 Block & Attachment Set \$266.00
PE143.00 Engraving Block \$227.00

PEPEITOOLS ENGRAVING BLOCK ATTACHMENT SET

Set includes 4 small rubber-covered pins, 4 large rubber pins, 4 concave pins, 4 tapered pins, 4 triangular pins, 4 locket holders, 4 watch holders, 4 bent pins, 2 button holders and 1 key.

PE144.00 \$85.50

EUROPEAN INSIDE RING ENGRAVER

Engrave bright initials, dates or phrases onto the inside of rings. Accommodates a wide variety of ring shapes (narrow, wide and stone-set). Automatic letter centering. Uniform character spacing. Jaws rotate a full 360° for correct positioning. Uniform engraving depth. Diamond stylus. Complete set of operating instructions included. 16½"H x 9⅞"W x 10"D. Made in Europe.

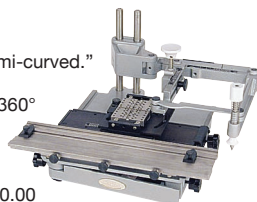

Inside Ring Engraver with Two-sided Non-Continuous Block Letter Dial
PE156.50 \$495.00

EUROPEAN DELUXE HORIZONTAL ENGRAVING MACHINE

Engraves bracelets, charms, nameplates, badges and anything that is "flat or semi-curved." 15 different pantograph ratios from 2½:1 to 6:1. Height adjustment up to 4½". Accommodates both large (2¾") and small (1¼") font blanks. Vise rotates a full 360° with stops at every 45° increment. "Quick-slide" female vise holds 4" diameter plates. Set of 4 brass male pins. Diamond stylus. Complete set of operating instructions included. 9½"H x 14⅞"W x 16"D. Made in Europe.

PE157.50 Horizontal Engraver with 140 Piece Double Line Block Type Set \$510.00

CHINESE WHITE

Fast-drying, non-toxic, white watercolor for layout work. Moisten with water and apply to surface. When dry, it forms a background allowing for a design to be penciled or scratched prior to engraving.

26.160 0.21 oz cake. \$12.55

UNIVERSAL WORK HOLDER

For holding rings, pins and small objects when setting stones or engraving. A 2" round diameter vise (each jaw has 30 holes) is opened or closed by turning a thumbscrew. Pegs are positioned in appropriate holes around the piece. Opening or closing the vise moves the pegs firmly against the piece. 5" length. Supplied with 4 pegs.

HOL166.00 Peg Clamp \$17.10
HOL166.04 4 Extra Pegs \$2.75

BURGESS VIBRO ENGRAVER

Rugged industrial engraver with a carbide tip vibrating at 7,200 strokes per minute. Makes permanent markings, background effects and textures on metal, plastic, glass and stone. Calibrated adjustment dial changes length of stroke and depth of mark made by the tungsten carbide tip. 110 volts.

Engraver
36.860 \$58.50
Replacement Tungsten Carbide Tip
36.862 \$5.65

PRACTICE MATERIAL for ENGRAVING

Practice engraving, lettering and diamond setting before working on precious metal. Includes 6 flat brass rings, 6 domed brass rings, 3 brass plates (2" x 6") and 3 brass circles (2" dia.).

ENG004 \$13.50
